Realistic Complex Engine Logic. This is, no doubts, the most complex and realistic piston engine ever simulated in X?Plane. Period. It requires you to follow the correct procedures. It may starve, it may flood, it may stutter and die. It's so complete that you may even use the real world engine manual to fly this sim! Read More >>

Sky Dolly - The Black Sheep for your Flight Recordings. About. Sky Dolly records and replays simulation variables such as the aircraft position and attitude and basic flight controls such as rudder, ailerons, elevators, flaps and gear position. The record frequency can be specified (and even changed during recording), in order to minimise the amount of recorded data.

Fully functional Weather Radar with Manual and Multiscan. Works with ANY weather add-on (and even without weather add-on) and reads the actual weather that is inserted in FSX. This is a unique development! Full custom fuel flow, avoiding standard FSX limitations. Full custom auto brakes with constant deceleration instead of constant brake pressure.
