Many HP inkjet printers can run a self-test process and print out the results, which includes the level of ink remaining. For many HP inkjet and deskjet models, you can simply hold the Resume button until the self-test page starts printing. For other models, see HP's Printing Internal Tests page for specific instructions, or consult your manual.

The dark black print is crisp and sharp and even better than our HP 2840 and far better than the never dark or sharp Cannon MF 8350 (they talk about "true black" but all we got was genuine "grey"). They (we have bought another one of these as a HP 1606) work perfectly over the network in our Windows 7 and Win Server 2008 environment (the 2840
