Middle English Pronunciation Middle English is the form of English used in England from roughly the time of the Norman conquest (1066) until about 1500. After the conquest, French largely displaced English as the language of the upper classes and of sophisticated literature. In Chaucer's time this was changing, and in his generation English regained the status it had enjoyed in Anglo-Saxon ...

English orthography is the system of writing conventions used to represent spoken English in written form that allows readers to connect spelling to sound to meaning.. Like the orthography of most world languages, English orthography has a broad degree of standardization. This standardization began to develop when movable type spread to England in the late 15th century.
